

5-SHELF RACK

OWNER'S MANUAL

WARNING: Read carefully and understand all **INSTRUCTIONS** before operating. Failure to follow the safety rules and other basic safety precautions may result in serious personal injury.

Item # 150508

Thank you very much for choosing a NORTHERN TOOL + EQUIPMENT CO., INC. Product! For future reference, please complete the owner's record below:

Model: _____ Purchase Date: _____

Save the receipt, warranty and these instructions. It is important that you read the entire manual to become familiar with this product before you begin using it.

This machine is designed for certain applications only. Northern Tool + Equipment cannot be responsible for issues arising from modification. We strongly recommend this machine is not modified and/or used for any application other than that for which it was designed. If you have any questions relative to a particular application, DO NOT use the machine until you have first contacted Northern Tool + Equipment to determine if it can or should be performed on the product.

For technical questions please call **1-800-222-5381**.

SAFETY INSTRUCTIONS

These units should be placed on a level surface. Failure to do so can result in poor product performance or create a possible safety hazard. This unit should be securely anchored to a wall or floor with suitable fasteners, which are included. Do not use this unit for anything other than the manufactures intended purpose. **DO NOT STAND ON ANY PART OF THE UNIT, OR USE IT AS A LADDER.** Evenly distribute the weight on each level and always keep the heavier loads on the bottom. Use care when working with metal parts. Do not exceed the maximum capacity of 300 lbs. for each shelf. Keep children away; do not allow them to play with or crawl/climb on unit.

GENERAL INSTRUCTIONS

Assembly is done with the rivets of the beams and braces fitting into the slots of the post. A rubber mallet may be used on the beams and braces to seat the rivets properly. A hammer can also be used providing one uses a cloth or a block of wood between the hammer head and the parts to prevent damage. Tap gently and be sure the rivets are straight and fully engaged. Periodically inspect the general condition of the rack for loose frame connections, undistributed loads, shelving deformations and any other conditions that may affect the rack's stability and performance.

ASSEMBLY INSTRUCTION

Required Tools (Rubber Mallet)

Step 1: (Note: Post are directional. The slot must point down.)

Assemble two (2) posts with one (1) brace. Skipping one slot from the bottom of the post (see figures A), Place the rivets into post with the slot pointing down, and with the shelf ledge of the brace facing up (see figures B). Tap lightly to seat rivets. Repeat with two (2) posts and one (1) brace. Assemble the two (2) posts end units with two (2) beams (see figures C). Skip one hole from the bottom of post, tap lightly to seat rivets.

Figure A

Figure B

Figure C

STEP 2

Start by adding a laminate shelf to the level previously built, then continue working by adding the second level using two (2) beams and two (2) braces in the post slots of your desired location. Again place the rivets of the beams and braces into the post slots with the shelf ledge facing up and tap lightly to seat the rivets.

IMPORTANT NOTE: MAKE SURE ALL RIVETS ARE FULLY SEATED INTO THE POST SLOTS.

Figure D

STEP 3 (Note: Post are directional. The slot must point down.)

Add a laminate shelf to the previously built level, then assemble the top post to the bottom post by using two (2) beams and two (2) braces. One (1) rivet from each beam and brace must be placed in the top hole of the bottom post, and the bottom hole of the top post (see figure D). After all beams and braces are in place, tap lightly to properly seat the rivets.

STEP 4

Add a laminate shelf to the level previously built level, then continue by adding the fourth and fifth level to the unit using two (2) beams and two (2) braces per level. Tap lightly to properly seat the rivets and add the final laminate shelves to the unit. Optional anchor hardware is supplied with this unit so the unit can be fastened to a wall if necessary. See instructions for installing anchor hardware.

Anchor Hardware Instructions

Wood Stud Installation- Drill an applicable small pilot hole even with the hole of the post into the wood stud. Use a drill or screwdriver, and fasten the screw and washer through the hole of the post, and into the wood stud.

Wall Board Installation- Drill an applicable hole even with the hole of the post into the wall board. Insert the wall anchor into the wall board. Use a drill or screw driver, and fasten the screw and washer through the hole of the post, and into the wall anchor.

Parts List

Description	Qty.	Part Number	Part Size
Beams	10	RUBE3502	35 1/8"
Braces	10	RUBE1702	17 1/8"
Post	8	RUPT3602S	36"
Laminate Shelves	5	RPB21836LM	17 1/2" × 33 1/2"
Wall Anchor. Screw. Washer	2	N/A	N/A
Post Connector	1	PC101	N/A
