

M405210C

ITEM # 405210C 6.5 Gallon Tank Kit

Owner's Manual

THANK YOU

Thank you for purchasing the 6.5 gallon tank kit. Please take time now to read through this manual so you can better understand this kit's, maintenance and safety precautions. The time you take now will prolong the life of your kit and prepare you for its safe operation.

IMPORTANT

If this kit is loaned or rented, make certain the operator:

- Reads and understands the manual pertaining to this kit.
- Is instructed in safe and proper operation of this kit.

NOTICE

The manufacturer reserves the right to make improvements in design and/or changes in specifications at any time without incurring any obligation to install them on units previously sold.

SAFETY

DANGER Remember, exhaust fumes are deadly carbon monoxide gas, and must be vented to the outside where there are no people.

NEVER refuel a hot or running engine.

NEVER remove fuel cap on a hot or running engine.

NEVER run engine in an enclosed area.

ALWAYS clean up spilled fuel before starting engine.

UNIT OPERATION

Installation of this kit is to be determined by the user.
